The General Meeting, resolving under the conditions of majority and quorum required for Extraordinary General Meetings, after having heard the Directors' report and the Statutory Auditors' special report:

1. authorizes the Board of Directors, as provided for under Article L. 225-209 of the French Commercial Code, on one or more occasions and in such proportions and at such times as it sees fit, to cancel all or some of the shares acquired by the Company under the various buyback authorizations granted by the General Meeting to the present or future Board of Directors, within the limit of 10% of the Company's capital stock per period of twenty-four (24) months, and thereby to reduce the Company's capital accordingly;

The twelfth resolution is permitting to grant bonus shares to shareholders in the proportion of one share for ten owned, by way of increasing the share capital by incorporation of part of the issue premium.

Twelfth resolution - Decision concerning capital increase by incorporation of part of the issue premium: bonus shares granted to shareholders

The General Meeting, by derogation from Article L. 225-96 of the French Commercial Code, resolving under the conditions of majority and quorum required for Ordinary General Meetings under Article L. 225-98 of the French Commercial Code, after having heard the Directors' report, decides to increase the share capital by €4,305,507 from €43,055,075 to €47,360,582 by incorporation of part of the issue premium.

This capital increase shall be accomplished by the issuance of 6,778,153 bonus shares allotted to shareholders in the ratio of one new share for ten existing shares.

The amount of the capital increase and the number of new shares created may be increased as necessary if the exercise of share subscription options by their beneficiaries has resulted in an increase in the capital stock by the time this decision takes effect. The Board of Directors is also empowered to suspend temporarily the rights of the option holders so that the transaction can be completed.

New shares shall bear dividend rights as from January 1, 2013, and shall be assimilated to the existing shares after the payment to the latter of the 2012 dividend.

The General Meeting decides that rights to fractional shares will not be transferable or tradable. The

corresponding whole shares will be sold and the proceeds allocated to the rightsholders within thirty days, the whole number of shares to which they are entitled being registered in their account.

The General Meeting grants all necessary powers to the Board of Directors to:

- implement this resolution after the close of this Meeting;
- to adjust the final amount to be incorporated from reserves in light of the number of shares composing the capital stock at the implementation date of this resolution;
- to suspend temporarily, if necessary, exercise of the rights of the option holders so that the transaction can be completed;
- to then take all necessary measures to preserve the rights of share subscription option holders as required by law;
- in general, to take all necessary steps to successfully carry out this resolution.

The thirteenth resolution is a delegation of authority permitting the Board of Directors to issue at any time ordinary shares, transferable securities giving access to company equity and / or giving entitlement to the award of debt securities with elimination of pre-emptive subscription rights, depending on the company's needs. The Board of Directors has not utilized the delegation of authority that the shareholders has granted to them on June 1st, 2011; it is proposed to renew this delegation for a period of 26 months.

The proposed issuance with elimination of pre-emptive subscription rights would amount to 8,000,000 euros representing 18.58% of the current share capital.

Thirteenth resolution - Delegation of authority to be given to the Board of Directors to issue ordinary shares and/or transferable securities giving access to company equity and/or giving entitlement to the award of debt securities with elimination of pre-emptive subscription rights by public offering

The General Meeting, resolving under the conditions of majority and quorum required for Extraordinary General Meetings, after having heard the Directors' report and the Statutory Auditors' special report, decides to delegate its authority to the Board of Directors to proceed with, in one or more operations and in such proportions and at such times as the Board considers appropriate, as provided for under Articles L. 225-129-2, L. 225-135, L. 225-136 and L. 228-92 of the French Commercial Code, whether in France or elsewhere, for a period of twenty-six (26) months as of the date of the present meeting, with elimination of shareholders' pre-emptive subscription rights, the issuance of:

- ordinary shares;
- and/or marketable securities conferring entitlement, immediately or in the future, at any time or on a fixed date, to ordinary shares in the Company, either by subscription, conversion, exchange, redemption, presentation of a warrant or in any other way;
- and/or marketable securities giving entitlement to the allotment of debt securities.

The General Meeting decides that these issues may also be used to remunerate securities contributed to the company under a public exchange offer, including all types of securities issued by the Company, in accordance with Article L. 225-148 of the French Commercial Code.

As provided for under Article L. 228-93 of the French Commercial Code, the securities to be issued may give entitlement to ordinary shares of any company possessing, directly or indirectly, more than half of its capital stock or of which it directly or indirectly possesses a majority shareholding.

For the case of issuance of securities entitling holders to apply for securities representing a portion of the Company's capital, within the scope of this present delegation, the General Meeting explicitly delegates authority to the Board of Directors to increase the capital stock in accordance with the exercise of these rights.

The General Meeting decides to eliminate the pre-emptive subscription rights of shareholders to ordinary shares and/or other securities that may be issued pursuant to this delegation, the Board of Directors

being able to grant shareholders a priority subscription right over all or part of an issue of ordinary shares or securities.

The General Meeting decides that the nominal value of the capital increase or increases that may be decided by the Board of Directors and carried out, either immediately or subsequently, pursuant to this delegation of powers, cannot exceed a maximum of eight million euros (€8,000,000).

In the event of a capital increase by incorporation of reserves, this amount shall be automatically increased in the same proportions.

Where necessary, the par value of the ordinary shares to be issued in order to safeguard, in accordance with the law and, where applicable, any contractual stipulations providing for other adjustments, the rights of holders of securities giving access to Company equity, will be added to this ceiling.

This ceiling is independent of all ceilings set forth by the other resolutions of the present Meeting.

The General Meeting authorizes the Board of Directors, in the event of excess demand, to increase the maximum ceiling of the capital increase(s) within a limit of 15% of the initial issue as provided for under Articles L. 225-135-1 and R. 225-118 of the French Commercial Code.

Any securities issued pursuant to this delegation may comprise debt securities or may be linked with the issuance of such securities or may allow their issuance as intermediary securities. They may be issued either in euros or in other currencies or in any monetary units created with reference to several currencies. The nominal value of debt securities which may be issued may not exceed three hundred and fifty million euros (€350,000,000), or the equivalent of this sum in the case of issue in other currency or units set with reference to several currencies, at the date of the issuance decision. This ceiling refers to all debt securities whose issue is delegated to the Board of Directors by this General Meeting. This ceiling is independent of all ceilings set forth by the other resolutions of the present Meeting.

The General Assembly takes note and decides that the present delegation of authority may if necessary include, by right and by operation of law, a waiver, in favor of holders of securities liable to be issued and giving access, immediately or subsequently, to the Company's shares, of the shareholders' pre-emptive right of subscription to those equity securities to which the said securities may give entitlement.

The amount that is – or will become – receivable by the Company for each ordinary share issued pursuant to this delegation of authority, after taking into consideration, in the event of the issue of detachable share subscription warrants, the issue price of such warrants, shall be greater than or equal to the minimum price imposed by the legal and/or regulatory provisions applicable when the Board of Directors implements the delegation.

The issue price of other securities giving access to Company equity shall be set such that the amount received immediately by the Company, plus any amounts received subsequently, shall, for each share issued as a result of the issue of these other securities, be at least equal to the issue price defined in the paragraph above.

If subscriptions fail to take up the whole of the issue, the Board may use any or all of the following options:

- reduce the amount of the issue to match the subscriptions, it being noted that for issues of ordinary shares or instruments whose primary security is a share, subscriptions must reach at least three-quarters of the issue decided before any reduction is allowed;
- freely allot all or part of the unsubscribed securities.

The General Meeting decides, in accordance with law, that the Board of Directors will have full powers, with right of sub-delegation in favor of its Chief Executive Officer, under the terms and conditions set by law, to implement the present delegation of authority and notably to record the completion of the issues and to proceed with the correlative amendments to the bylaws, to charge, as it deems appropriate, the costs of the capital increases to the amount of the corresponding premiums and withdraw, from this

amount, the sums necessary to bring the legal reserve up to one tenth of the stated capital after each increase and, more generally, to do whatever is necessary for these purposes.

The General Meeting decides that if securities are issued to remunerate securities contributed as part of a public exchange offer, the Board of Directors is granted, in accordance with Article L. 225148 of the French Commercial Code and with the limits set above, all necessary powers to specify the securities contributed to the offer, to set the conditions of issue, the exchange ratio and, if applicable, the cash amount to pay, and to determine the issue terms.

This delegation, which replaces and nullifies any previous delegation with the same purpose, is granted for a term of twenty-six (26) months.

The fourteenth resolution is permitting the Board Directors to use the delegation of authority related to the subscription price of new shares, which may be applied in case the thirteenth resolution is adopted, similarly to the delegation of authority granted by the shareholders on June 1st, 2012 for the other delegation of authority.

Fourteenth resolution - Deciding how to set the subscription price in the event of elimination of pre-emptive subscription rights up to an annual limit of 10% of capital

The General Meeting, after having heard the Directors' report and the Statutory Auditors' special report and in accordance with the provisions of Article L. 225-136-1, paragraph 2 of the French Commercial Code, authorizes the Board of Directors, which decides on the issue of ordinary shares or securities giving access to Company equity pursuant to the thirteenth resolution of the present Meeting, to waive, within the limit of 10% of capital stock per year, the pricing conditions set out in the aforementioned resolutions and to set the issue price of equivalent equity securities to be issued according to the following terms:

The issue price of equivalent equity securities to be issued immediately or at a later date may not, according to the preference of the Board of Directors, fall below:

- either the average weighted price of the Company share on the day prior to the issue price being set, less, where applicable, a maximum discount of 15%;
- or the average of five consecutive share prices, selected from the last 30 stock market trading sessions prior to the setting of the issue price, less, where applicable, a maximum discount of 10%.

The fifteenth resolution is aimed at amending the bylaws regarding the voting rights of the usufructuary of a share, to the exclusive benefit of the shareholders wishing to be exempted from donation taxes, in accordance with article 787 B of the French Tax Code.

Fifteenth resolution - Amendment of Article 11 of the bylaws regarding the usufructuary in light of Article 787 B of the French Tax Code

The General Meeting, resolving under the conditions of majority and quorum required for Extraordinary General Meetings, after having heard the Directors' report, decides to amend Article 11-VII of the bylaws by adding the following paragraph:

"Article 11 – Rights and obligations attaching to shares – indivisibility –

...../

VII - /

"As an exception to the above, where the usufructuary and/or bare owner are eligible, in respect of their shares, for the partial exemption set out by Article 787B of the French Tax Code, and where this is duly recorded in the account where their rights are held, the usufructuary shall have the right to vote on decisions regarding appropriation of earnings and the bare owner shall have the right to vote on all other decisions."

This ceiling is independent of all ceilings set forth by the other resolutions of the present meeting;
