BOURBON and Kongsberg Maritime strengthen their collaboration in digital solutions for next generation connected vessels

Having established a good business relationship for many years, BOURBON and Kongsberg Maritime have now signed a strategic agreement of collaborative development on connected and autonomous vessels.

The two companies will execute joint projects to develop new ways of efficient operations in the offshore services industry, with a fast time-to market. They will explore and implement technical and digital solutions to improve safety and optimize cost of operations while enhancing the level of operational excellence.

The agreement between BOURBON and KONGSBERG is a step forward to bring both companies up to the next level in digitalization. KONGSBERG will enable BOURBON to efficiently gain access to high quality aggregated data from the vessels and develop new ways of operating the vessels. BOURBON will enable KONGSBERG to better understand client operations and get access to a wide range of data from its fleet, from communication, to cybersecurity, storage and management of vessel data.

"A major transformation is underway in the Oil & Gas industry. Having entered the new digital era, our customers are asking us for more services at optimized cost. We are very happy and confident that this partnership with KONGSBERG will result in innovative solutions allowing us to answer these customer needs" **says Gaël Bodénès, Chief Operating Officer of BOURBON Corporation.**

"Digitalization is vital to achieving greater efficiencies on board single vessels and entire fleets," **said Stene Førsund, EVP Global Sales and Marketing, Kongsberg Maritime.** *"By working closely with leading offshore marine companies like BOURBON, we can ensure our solutions meet the data needs of the industry today, while building a foundation for greater vessel autonomy in the future."*

ABOUT KONGSBERG

Kongsberg Maritime is a global marine technology company providing innovative and reliable technology solutions for all marine industry sectors including merchant, offshore, subsea and naval. Headquartered in Kongsberg, Norway, the company has manufacturing, sales and service facilities in 20 countries.

Kongsberg Maritime is part of Kongsberg Gruppen (KONGSBERG), an international, knowledge-based group that celebrated 200 years in business during 2014. KONGSBERG supplies high-technology systems and solutions to customers in the oil and gas industry, the merchant marine, and the defence and aerospace industries.
