

**MR. CYRIL MATHONNAT**

Cyril Mathonnat graduated from the Ecole Supérieure de Commerce de Bordeaux (Kedge) in 2001 and began his career with the Air France Group, as an Internal Auditor.

In 2004, he joined the Exploration Production branch of TotalEnergies to monitor the reporting of hydrocarbon production.

From 2007 to 2011, he was Financial Controller of Total E&P's Offshore assets in Nigeria, which included six joint ventures, including the USAN project development. He was appointed CFO of the Total E&P Azerbaijan subsidiary, in 2011, where he oversaw the development of the Absheron discovery, as well as an interest in the Shah-Deniz field and the SCP and BTC pipelines.

In 2014, he moved back to headquarters, still in the Exploration Production division, to take responsibility for financial control of the Asia Pacific region.

In 2017, he was appointed to the Group's Holding Company, in the Acquisitions & Divestments department, as Project Director.

Cyril joined the BOURBON group's Management Board in May 2021, to take over administrative and financial management.
