

MR. STEPHANE LEROUX

Mr. Leroux has over 25 years of experience as a Chief Engineer and Technical Engineer in the maritime industry.

He began his career as a shift manager at the MRCC Fort de France in 1992.

Then, holder of the brevet of Chief Engineer, he will exercise successively, from 1996 to 2003, the functions of Chief Engineer and technical engineer with the Compagnie Maritime Nantaise.

In 2003, he joined the Surf Company.

Then in 2006, Mr. Leroux will serve as Director of the Service Department at ACEBI company (manufacturer of security equipment).

In 2010 he joined the BOURBON group as Chief Engineer at Bourbon Offshore Surf.

Since 2013 Mr. Leroux has been working as Technical Engineer at Bourbon Offshore Surf. He is in charge of the supervision and follow-up of the emergency repair work on the ships, the inspection and the technical control of the Bourbon Offshore Surf fleet.
